are subject to being selected for random post-competition testing and will be disqualified if their equipment or clothing is not legal according to ISSF Rules.

Rifle Clothing

Any rifle jackets or trousers that do not have ISSF seals must be submitted to Equipment Control for inspection before the athlete's first competition. Jackets and trousers that were previously inspected and have an ISSF seal continue to be valid except that athletes with more than one jacket or trousers must report to Equipment Control before their first competition to confirm which jacket and which trousers they will use. All other seal numbers for that athlete will be canceled. Athletes that wish to replace registered jackets or trousers with a new clothing item must bring that item to Equipment Control for inspection. Rifle athletes can have only one active jacket and trousers at any time. New Seal is not provided in this competition.

Rifle Clothing Post-Competition Stiffness Testing

If one panel of a rifle jacket or trousers tests 2.9 or lower, the stiffness device must be recalibrated and the panel must be retested. If it fails again, but all other panels pass, the athlete will not be disqualified, but a written warning must be given to the athlete and the ISSF seal must be cut off. The athlete can continue using this clothing for that day in that event. The athlete must be disqualified if two or more panels fail (DSQ).

Air or CO₂ Cylinders

The athlete must ensure that any air or CO₂ cylinder is still within its validity date. This may be checked by Equipment Control.

Equipment control will be open to the athletes as scheduled in the Program of the competition.
