15TH ASIAN SHOOTING CHAMPIONSHIP
CHANGWON, KOREA
22 OCTOBER - 2 NOVEMBER 2023

Rifle / Pistol Equipment

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory. However, the athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control for checking before the competition. All athletes are subject to being selected for random post-competition testing and will be disqualified if their equipment or clothing is not legal according to the ISSF Rules.

Rifle Clothing

All rifle athletes must have ISSF seals with serial numbers on their jackets and trousers. Any rifle jackets or trousers that do not have ISSF seals must be submitted to Equipment Control for inspection and the affixing of a seal before the athlete's first competition. Jackets and trousers that were previously inspected and have an ISSF seal continue to be valid except that athletes with more than one jacket or trousers must report to Equipment Control before their first competition to confirm which jacket and which trousers they will use. All other seal numbers for that athlete will be cancelled. Athletes that wish to replace registered jackets or trousers with a new clothing item must bring that item to Equipment Control for inspection and a new seal. Previous seals will then be cancelled. Rifle athletes can have only one active jacket and trousers at any time.

Rifle Clothing Post-Competition Stiffness Testing

If one panel of a rifle jacket or trousers tests 2.9 or lower, the stiffness device must be recalibrated and the panel must be retested. If it fails again, but all other panels pass, the athlete will not be disqualified, but a written warning must be given to the athlete and the ISSF seal must be cut off. The athlete can continue using this clothing for that day in that event. If two or more panels fail, the athlete must be disqualified (DSQ).

Air or CO₂ Cylinders

It is the athlete's responsibility to ensure that any air or CO₂ cylinder is still within its validity date. This may be checked by Equipment Control.

Shotgun Equipment

All skeet athletes must have ISSF seals with serial numbers on their marker tapes. Any shooting vests that do not have ISSF seals on the marker tapes must be submitted to Equipment Control for inspection and the affixing of a seal before the competition.

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory. However, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control or the Shotgun Jury for checking before the competition. All athletes are subject to being selected for random testing during the competition. Athletes found to be in violation of the rules for guns or skeet marker tapes will be disqualified.

Cartridge Controls

During Qualification, athletes whose cartridges are to be tested are selected by a computer draw. Between 10% and 18% of the athletes participating in an event will be selected for cartridge testing. Two (2) plus four (4) cartridges will be selected from each athlete and placed in separate labeled envelopes. The two (2) cartridges must be tested, first. If both cartridges weigh 24.50g or below, no further action will be taken. If one (1) or both cartridges weigh more than 24.50g, then the four (4) cartridges in the second envelope must be tested. If the average of the six (6) cartridges weigh more than 24.50g, then the athlete must be disqualified (DSQ).

The deadline for any change or cancellation of a hotel reservation is **2 OCT 2023, 24:00h in Korean local time**. In case of cancellation or no-show after this date, the penalty fee will be equal to **100%** of the total cost for any cancelled reservation or room that was not occupied.

Airport pickup is available at the **Busan-Gimhae International Airport (PUS)**, and **exceptionally at the Incheon International Airport(ICN)**.

Upon request, the Organizing Committee will arrange local transportation to and from **ICN** with cost plus firearm transportation fees (**USD 70.00** per athletes - one way) since the firearms and ammunitions must be separately transported by local police and the OC staff by local governmental code. This case, ASC Member Federations that want to use ICN are requested to contact the OC not later than **8 SEP 2023** to arrange the transportation accordingly.

Airport pickup service between PUS to the official hotels is available free of charge from **22 OCT to 2 NOV 2023**.

For the delegation that accommodate at the Official Hotels through the OC, a free shuttle service will be provided between the hotels and the shooting range during the training and competition days only (**23 OCT – 1 NOV 2023**).

The shuttle schedule will be available at the information bulletin at the hotels and the OC website (<http://asch2023.shooting.or.kr>).
