# General Information

## I. General Information

### 1. Introduction to the 20th Asian Games Aichi-Nagoya 2026

Date: 19 September to 4 October 2026

Host City: Aichi-Nagoya

Sports: 41 sports

Venues: 53 competition venues, 72 training venues

Concept:

- Athlete-Centered
- Using existing facilities
- Making full use of state-of-the-art technology
- Offer hospitality with traditions through interaction with citizens
- Contribute to the promotion of sports culture

#### 1.1. Emblem

The smooth curves describe the liveliness of sports.

The center line colored by purple, gold and green inspires the image that people get together as one and go forward to the future by heading to a bright red sun, the symbol of the Olympic Council of Asia (OCA). The purple is used as an image of iris which is the prefectural flower of Aichi. The gold describes the Kinshachi, the golden tiger-fish roof ornaments and the symbol of the Nagoya Castle. And the green inspires the high environmental consciousness among people of Aichi-Nagoya fostered through the EXPO Aichi 2005, the COP10 and the UNESCO World Conference on ESD. The emblem contains the initial letters of Asia, Aichi and Nagoya. You could see "A" described by the purple curve and the center line and "N" designed by the purple and the gold.

## 1.2. Mascot

"HONOHON," the mascot of the 20th Asian Games, was born from the fiery passion that dwells in the hearts of athletes, becoming one with Shachihoko, the guardian deity of Aichi-Nagoya.

The name "HONOHON" is derived from the word "Honoho," which is said to be the origin of the Japanese word meaning "flame," that comes from the image of fire rising high and burning brightly, resembling the shape of a rice ear ("ho" in Japanese). To make the name sound more friendly, we named it "HONOHON."

## 1.3. Other Information

For more information, please refer to the official website of Aichi-Nagoya Asian Games Organizing Committee (AINAGOC).

URL: <https://www.aichi-nagoya2026.org/en/>

## 2. Accreditation and Validation

AINAGOC will distribute the Accreditation Guide to Responsible Organisations in December 2025. The Accreditation system will be available from 11 December 2025 to 14 May 2026.

From July 2026 onwards, AINAGOC will produce and deliver the Pre-valid Asian Games Identity and Accreditation Card (PVC) to Responsible Organisations that have confirmed their Accreditation Status Report. Upon arrival in Japan, Games stakeholders will be required to validate their PVC at the Welcome Centre 1 accreditation validation

desk or other accreditation facilities by presenting their valid identity documents. For further details, please refer to Chapter 7.1 of the *Accreditation Guide*. After validation at the accreditation facility, the PVC becomes the AGIAC which grants access to competition and non-competition venues and zones. The AGIAC grants the cardholder the appropriate access entitlements to the venues and zones.

### 3. Validity Period of AGIAC

When a participant presents the PVC or the AGIAC in conjunction with the valid passport (or equivalent travel document), it will function as a visa waiver when applying for entering Japan and can be used multiple times between 0:00 on 31 July 2026 and 23:59 on 19 October 2026.

### 4. Transport

Athletes and team officials will be provided with transport on arrival and departure, for competitions, and for training. Services will be available for the designated locations. AINAGOC will allocate a specific number of dedicated vehicles to each NOC delegation for its exclusive use. For more details, please refer to the *Transport Guide for Athlete & NOCS* published on September 30.

### 5. Accommodation

A conventional Athletes' Village will not be built.

During the 20th Asian Games Aichi-Nagoya 2026, NOC athletes, team officials will be accommodated at Garden Pier (Villas\*), Kinjo Pier (cruise ship), and existing accommodation facilities (hotels, etc.), and Technical Delegates (TDs), International Technical Officials (ITOs) and National Technical Officials (NTOs) will be accommodated at existing accommodation facilities (hotels, etc.).

Necessary functions and services will be provided. In principle, it has to be ensured that TOs will be accommodated at separate lodging facilities from NOC athletes.

For security reasons, access to the Athletes' Accommodations will require the appropriate accreditation card.

\*A facility that houses accommodation amenities within a container-sized unit,

allowing for easy transportation via trailer or ship, and used as a hotel or private residence.

## 6. Media Services

### 6.1. Broadcast Mixed Zone

All athletes are required to pass through the Broadcast Mixed Zone after the competition. However, athletes are not obligated to comply with interview requests in this area.

The Broadcast Mixed Zone is directly connected to the Press Mixed Zone, ensuring a seamless transition for athletes and media representatives.

\* Victory Ceremony Procedure:

If an athlete is scheduled to attend the victory ceremony, the Ceremony Producer or Sports Manager will notify the Host Broadcasters and Press Mixed Zone Manager. These athletes will then be escorted to the ceremony briefing area. After the victory ceremony, they will return to the Broadcast Mixed Zone and pass through the area.

### 6.2. Press Mixed Zone

Athletes must pass through the Press Mixed Zone right after passing through the Broadcast Mixed Zone so that they can be interviewed by accredited press as soon as possible after the competition ends. They also have the right to decline interviews and go directly through the Mixed Zone.

### 6.3. Press Conference Room

After the finals of each event, in principle, a post-competition press conference will be arranged. At these Press conferences, interpretation in 6 languages (Japanese, English, Chinese, Korean, Russian and Arabic) will be provided. Translating a participant's native language into English, if needed, shall be done by the Press Attaché(s) or staff of the relevant NOC taking part.

If the athlete has not yet undergone a Doping test, Doping Officials will be invited to

attend the press conference.

## 6.4. FOP Photo Positions

FOP photo positions will be set up in FOPs or FOP surrounding areas in each competition venue. These positions are for accredited photographers to use to take photos of competitions. Accredited photographers will need to wear supplementary access control devices in order to enter FOP photo positions. During the victory ceremony, a suitable temporary position will be set up if deemed necessary.

For some events, the shooting at the FOP photo positions may use photo truck(s), photo boat(s), catwalk remote control camera(s), shooting house(s), and underwater remote-control camera(s). Some of these special photo positions will be provided through the Rate Cards.

## 6.5. NOC Press Attaché

NOC press attachés with Supplementary access control device(s) will assist in facilitating interviews between Athletes and Accredited press. They can enter the athletes' side of the Press Mixed Zone, determined by BRS. Where necessary, language support volunteers may assist them in their activities.

## 7. Medical Services

Medical Services During the Games, AINAGOC will run Medical rooms for athletes at each competition venue and provide onsite medical services and emergency transport. At each athletes' accommodation, medical staff will be stationed to provide necessary care and treatment.

If advanced care and further exams are needed, patients will be transferred to the Games' designated hospitals.

If necessary, medical services such as emergency treatment, hospitalization and emergency transfer will be provided.

Onsite Basic medical services and emergency transport services will be provided free of charge.

Other medical services shall be paid for in accordance with the provisions stated in the

relevant policy for insurance cover.

Free medical services will not include non-essential medical care nor elective medical treatment.
