

20th Asian Games
Aichi-Nagoya 2026

**Detailed Information on Firearms and
Ammunition Applications**

Annex 1
(Version 1.0)

Shooting

National Olympic Committees are requested to follow the procedures below and submit the required information by the deadline to the LOC regarding athletes who wish to import (carry) firearms and ammunition into Japan.

Submission Deadline: July 25, 2026, 23:59 (JST)

- All information required by the LOC must be fully submitted by the deadline.
(Applications cannot be accepted if there are deficiencies in the submitted Information even if submitted before the deadline.)
- If there are deficiencies or if submission is not completed by the deadline, the necessary applications for firearms and ammunition to Japan cannot be processed.
- If the information requested by the LOC is not provided within the deadline, the import of firearms and ammunition to Japan cannot be guaranteed.
- Therefore, participating teams must ensure submission well in advance of the deadline.

Documents to be submitted

1. Travel & Firearms and Ammunition Detail (Annex 2)

- Download from the official Games website:
URL: TBD
- Complete all fields in accordance with the sample provided.
- The purchase of ammunition in Japan is by advance reservation only.
(If you wish to purchase ammunition, please fill in the requested details in the list at the time of submission.)
- The list includes a request regarding consent to provide information to the LOC.
If you agree, please mark "✓"
(If you do not agree, you must be responsible for handling all applications related to firearms and ammunition for the Games on your own.)

2. Passport Photo Page

- Submit a copy of the passport photo page that will be used upon entry into Japan.
- The copy must be clearly visible in color, all text and the photograph. Any portion obscured by glare or reflection will not be accepted.
- If the passport is renewed before entering Japan, please immediately submit the updated passport information to the LOC.

○ Good Example

- No glare / No reflection
- The entire passport page is visible.
- The characters must be clearly visible.

× Bad Example

- Part of the page is obscured by glare, and not all information is visible.
- The photo is tilted.

③ **Photograph showing the entire firearm**

- Color image
- The entire firearm must be clearly visible.
- Images where any part is cut off or where the whole firearm is not clearly visible will not be accepted.

○ **Good Example**

× **Bad Example**

④ **Photograph showing the firearm serial number**

- Submit image data corresponding to the full firearm photograph submitted in ③.
- Color image
- Images that are not clear will not be accepted.
- Images where the serial number cannot be fully confirmed will not be accepted.

○ **Good Example**
